

# CT & US GUIDED BIOPSY

NRAD is pleased to offer CT and US guided percutaneous biopsies at our 765 Stewart Avenue office in Garden City. For added convenience, US guided thyroid biopsies are also performed at our Queens facility located at 80-15 164th Street, Jamaica Estates.

Our physicians are fellowship trained and highly experienced in all areas of CT and US guided percutaneous biopsy including fine needle aspiration (FNA) and core biopsy techniques.

Biopsies are performed with a cytotechnologist on site to ensure adequate biopsy samples, maximizing diagnostic results while minimizing the need for repeat procedures.

## BIOPSY SITES INCLUDE:

- Neck - including thyroid, parotid, lymph nodes
- Thorax
- Lung
- Abdomen and Pelvis - including deep solid organs
- Soft tissue masses
- Bone

## CPT CODES\*:

- US Guided Biopsy - 76942  
(Thyroid, Parotid, Soft Tissue Neck)
- CT Guided Biopsy - 77012

*\*Please call us for surgical CPT codes*

## WHAT PHYSICIANS NEED TO KNOW:

- Procedure is performed using US or CT guidance under local anesthesia
- Biopsy is performed with a cytotechnologist present to ensure adequate samples
- Results are available within a few days
- No special preparation is necessary

**If you have a patient who may be a candidate for a CT or US guided biopsy,  
please call us at: 516.222.2022, extension 2344**
